THIS WEEK!

The new Gyrat Ezi-Edger

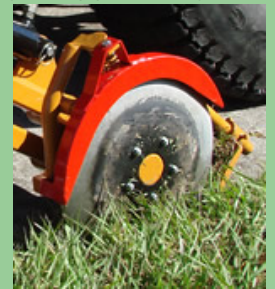

Wow, did you know that you could do your path or road edges with your tractor? To view the Gyrat Ezi-Edger in action, check out some **video** on our YouTube channel here:

[Gyrat Ezi-Edger on the Stocker-Crew's YouTube channel!](#)

The Ezi-Edger is capable of double edging pathways simultaneously. Its Independent hydraulic control for each edger assembly gives the operator the flexibility for single or double edging at any point along the path way. Curved and winding pathway and kerbing is easily trimmed with this versatile equipment. The compact, robust mid mounted design ensures a positive response in following the pathway or kerb.

Ground speeds of up to 8km per hour can be achieved under ideal working conditions. The economic benefits of this edging system are such that you should consider the way you currently do your edging.

Stocker-Crew's entire range of products can be viewed at www.stockercrew.com.au. If you require further information please do not hesitate to contact us.

IDIOT of the WEEK!

Orsi Reach Mowers

Orsi's range of agricultural reach mowers provide the opportunity for almost any tractor owner to incorporate an Orsi reach mower into their range of attachments. Orsi manufacture a reach mower to suit your tractor from 16hp or a base weight of 800kg's.

Orsi's range of reach mowers are all totally independent hydraulically and offer a range of options to suit your requirements from controls to road lighting kits. The Orsi reach mower range includes straight arm and mid cut options and a reach range from 3.0 to 10.2m. Orsi's range of reach mower attachments includes flails, rotary, hedgecutters, saw blades, drain cleaners and more.

No matter what your reach mower requirement, Orsi has the model to suit. Stocker-Crew's entire range of products can be viewed at www.stockercrew.com.au. If you require further information please do not hesitate to contact us.
