## THIS WEEK!

### REFORM MOUNTY

#### The powerful universal tool carrier.

- Simultaneous working with front and rear implements
- Standard comfort air conditioned cab, with best panoramic view of front and rear implements
- Strong lifting gears and mechanical power take-offs with soft start control
- Front and rear diff locks
- Trackless working on the ground due to the low ground pressure and 4 wheel steering
- The ideal carrying vehicle for your front-end loader because of the forward/reverse shuttle driving
- Extreme moveability by way of 4 wheel steering (with 4 steering modes) easily selected crab steering
- Axle mounted front linkage gives perfect contour following
- Driving/steering axles with final drives front and rear
- Load sensing electro-hydraulic steering
- 12 F / 12 R synchronised shuttle gearbox or hydrostatic drive with electronic control

## IDIOT of the WEEK!

### REFORM MOUNTY (Continued)

A mark of our Mounty tractors are the powerful 4 cylinder direct injected engines which give high torque at low revs and low fuel consumption. The downwards sloping engine hood gives the best view of the front implements and the front wheels.

The Reform Mounty achieves slope suitability because of low centre of gravity and low vehicle weight. Agility, ground preservation and tractive power are given to the Mounty by 4 wheels of the same size and the Reform 4 wheel steering system. The Reform Mounty sets standards especially with front end loader, in the forest, at intensive cultivation of lawn or at municipal and landscaping works.

Stocker-Crew's entire range of products can be viewed at [www.stockercrew.com.au](http://www.stockercrew.com.au). If you require

further information please do not hesitate to contact us.
