THIS WEEK!

The Orsi WMO series

Orsi's WMO Heavy Duty Mulcher is for the professional landholder or contractor.

The WMO series has a multi use rotor-shaft which allows owners to fine tune the implement to gain the best results for their crop application. A height adjustable rear discharge hood allows discharge rate control and can be hydraulically activated if required to ensure the correct mulch rates are achieved. Offset can be regulated by the headframe position. Mechanical and hydraulic offset options are available. Optional spreading vanes, side skids, heavy duty rear roller and gauge wheels add to the versatility of the ORSI WMO.

With cut widths from 2m to a whopping 3.2m there is a WMO to suit your job. This mulcher is a popular choice for Australian farms. Please contact one of our team at Stocker-Crew if you would like further information on the ORSI range.

Standard Equipment

- PTO 540 rpm
- Hinged bonnet
- Free-wheel gearbox
- Linkage Cat. II
- Manual side-shift

Stocker-Crew's entire range of products can be viewed at www.stockercrew.com.au.

IDIOT of the WEEK!

The Orsi WGR series

The popular choice for roadsides and orchard prunings is the ORSI WGR series. Available in cut widths from 1.5m to 3.2m the popular choice has been the 2m SX series. This WGR is designed strong for the rigors of road shoulder maintenance and has 4/5 drive belts positioned out of harms way.

Automatic belts tensioner and extreme quality components ensure the WGR will outlive the competition. WGR can be mounted to your tractor on front or rear 3 point linkage and PTO speed can be your choice of 540 or 1000 rpm. A freewheel multi input direction gearbox is our standard specification.

Hydraulic side-shift and Hydraulic top link options give ORSI WGR maximum versatility allowing on the go height and lateral position adjustments. WGR is all about heavy duty. Please contact one of our team at Stocker-Crew if you would like further information on the ORSI range.

Standard Equipment

- PTO 540 rpm
- Skids
- Rear roller
- Mechanical side shift
- Gearbox with double free-wheel
- Automatic belt tensioner
- Linkage Cat. II

Stocker-Crew's entire range of products can be viewed at www.stockercrew.com.au.
