THIS WEEK!

NOREMAT MAGISTRA VISIOBRA M61T

A STEP AHEAD OF THE COMPETITION

Why are so many reach/boom mower owners changing to the Noremat Magistra Visiobra M61T?

- Digital Electric Proportional Control, single joystick
STANDARD
- Sliding Armrest on controls for operator comfort
STANDARD
- Electronic Sustentation allows operator to concentrate more on the safe tractor operation
STANDARD
- Offset Pivot Point of the main arm to the right hand side of the tractor improves tractor stability and tyre wear costs
STANDARD
- Reversing Shock Absorber/Breakaway protects the noremat in the event of an erroneous maneuver
STANDARD
- The Visiobra Concept gives perfect vision for the operator with the road and the mowing head in the same field of vision
STANDARD
- Rotor Stop - Within 3 seconds of switching the rotor off or hitting the emergency STOP button
STANDARD
- Closed Circuit Piston Hydraulics ensures constant high power for operating in all conditions
STANDARD
- Safety Anti-Tipping Device - To prevent the arm tipping due to its own weight when it passes the vertical position
STANDARD
- Dual Pressure Breakaway with auto arm return to work ensures maximum machine safety and operator comfort
STANDARD
- Arm Float - With the float on the arm is free to move to absorb the unevenness of the ground without operator input
STANDARD

- Oil Cooler - 14.5kw capacity including easily removable screen for cleaning
STANDARD
- Quick Coupling for attachments allows for easy changing
STANDARD
- Cutting Head Float - Unique float system allows control over the head angle while float is switched on
STANDARD
- Bi-Directional Rotor Rotation
STANDARD
- Heavy Duty Unibroyeur 1250 cutter head with Rolmax/forest rotor option
STANDARD
- Integrated tool box for grease guns etc.
STANDARD
- Noremat 5-point axle mount quick linkage with articulated top link bracket
STANDARD

Compare what you are using now.

Our sale includes delivery, fitting and training wherever you are in Australia.

Call the reach mower professionals.
