

STOCKER-CREW PRESENTS

CREW-NEWS

THIS WEEK!

VOTEX

New from Stoker-Crew; Votex Leaf Blowers, Leaf Vacuum Units and Collection Containers/Trailers.

Embarking on a new partnership, Stoker-Crew have begun to distribute the world-renowned, high quality PTO, motor and hydraulically driven leaf blowers, vacuum units and vacuum collection containers/trailers from Votex.

Votex is a chief supplier of grounds care and maintenance equipment to suit conventional agricultural tractors, trucks, utes, as well as specialist applications such as use in conjunction with a reach mower, or flail mower, for clearing the mowing path.

The leaf blower range begins with the B10 P - Professional light weight push blower, perfectly suited to walk-behind leaf-clearing applications on pathways and smaller lawn/grounds care applications.

At the top of the leaf blower range, we find the 860 GOLF, a blower especially designed for front mounting to compact tractors, tool carriers and front mowers. The 860 GOLF offers optimal view for the job.

All-in-all, the leaf blower range encompasses nine machines for unique applications and a solution for just about any grounds care maintenance requirement.

For larger commercial and industrial applications, Votex offer vacuum units and vacuum collecting containers on specialised trailers.

For more information and brochures on these leaf blower units and collecting containers, feel free to browse the [VOTEX LEAF BLOWERS SECTION](#) of our website.

IDIOT OF THE WEEK
