

541M

Powerful motor vacuum unit

The 541M is a motor vacuum unit that connects power to flexibility. With the 20 HP Honda petrol engine, a tractor with PTO is not needed and there is enough power to do a lot of work in a short time.

Turbine and housing are made of durable material. The indirect drive with V-belts protects the engine for sudden blockings. The 541M will offer you loads of capacity for many years.

| Specifications | 541M |
|------------------------------|--------------------------------------|
| Driving | |
| Motor | Honda, air cooled, GX620, 4-stroke |
| Starting system | Electric |
| Nominal power (according CE) | 14,5/20,0 kW/HP |
| Fuel | Petrol, unleaded |
| Tank capacity | 15 l. |
| Frame | |
| Material | Steel box profile |
| Turbine | |
| Construction turbine | 10 mm. hardox |
| Construction turbine housing | 8 mm. hardox |
| Suction hose | |
| Material | Reinforced UV-resistant polyurethane |
| Dimensions | Heavy duty, Length 3,3 m., Ø 200 mm |
| Air outlet | |
| Type | 360° turnable with flap |
| Dimensions | Ø 200 mm |
| Dimensions | |
| Weight | 280 kg |
| Length | 70 cm |
| Width | 132 cm |
| Height | 130 cm |
| Noise level | |
| At user (LpA) | 91,8 dB(A) |
