

Roadmaster 07 modular

Professional flail mower for front- and rear mounting

The Roadmaster 07 is the absolute best of in-line flail mowers. The enforced power train, the side shift linear guidance and the options for several front and rear mounted linkages make the Roadmaster 07 to the flail mower for professional use. The standard ECOMOW® mowing head allows high volumes without high power requirements. Unique to the Roadmaster 07 is the front trailed 3-point linkage. With this linkage, the Roadmaster 07 acts like a trailed machine while it is mounted to the front and therefore allows higher working speeds.

Specifications	2307	2607
Chassis		
Category	II/III	
Mounting	Front or rear mounted	
Safety break back system	Not possible	
Side shift	Optional by linear guidance	
Max. displacement (cm)	17 (front trailed linkage) / 60 (double sided linkages)	
Max. reach relative to axis tractor (cm)	180	156
Mowing head		
Model mowing head	Ecomow	
Flails		
Weight 40x12 (g)	325	
Amount 40x12 flails	72	84
Weight hammer flail (g)	1.300	
Amount hammer flails	24	28
Power train		
Min. PTO power	50/68	60/82
PTO speed (RPM)	540/750/1000	1000
Gearbox	Silent box with spiral toothing	
Dimensions		
Cutting width (cm)	217	253
Overall width (cm)	254	291
Weight (kg)	900	1.040
